CITY ANNEXES MASSIVE 'CALLAN PARK'

Selmi Loses As Treasurer; Wilson Trails

Veteran Councilman Joseph Verducci, 50, and elementary school board chairman Joseph Lewkowitz, 51, scored very convincing first place victories Tuesday when about 40 percent of Daly City's registered voters invaded 38 precincts.

Verducci, 118 Wilshire avenue, captured high vote in 31 of the 38 precincts and finished in front of also successful incumbent Frank Pacelli, 39, by 4931 votes to 4040.

Third candidate, Del C. Wilson of St. Francis Heights, mustered 3105 votes.

Lewkowitz, 501 Vista Grande avenue, defeated long-time city treasurer, Paul G. Selmi, by 496 votes—2966-2470. Peter J. Becker, 62, was a distant last with 1082 as the third candidate for the job.

Verducci's 891-vote margin over Pacelli was quite heavy and was bigger than many political observers here anticipated. Wilson also tallied considerable response for a loser.

The victorious trio will be installed in a public ceremony at City Hall, 75 Wellington avenue, next Tuesday night, April 19, at 8 p.m.

Verducci will be serving his third four-year term. Pacelli embarks on his first four-year term. He was appointed to the council in 1957.

Lewkowitz defeated Selmi in a race that was almost more active than the council scramble.

City Clerk Evelyn Mosman said 38 absentee ballots are yet to be counted. She said 6756 voted Tuesday out of 16,271 registered.

Mosman, unopposed for city clerk, was accorded 5837 votes.

Victorious Joseph Lewkowitz gained the treasurer's $400 a month post by winning 27 precincts to defeated incumbent Paul Selmi's nine. Lewkowitz and Selmi tied in two precincts.

DEL C. WILSON

Verducci Captures 31 Of 38 City Precincts

In winning his third consecutive city council term Tuesday, Councilman Joseph Verducci walked off with the highest vote in 31 of the 38 precincts. Frank Pacelli, runnerup to Verducci, 4931-4040, captured high vote at six precincts: 506 Hillside, 12 Westbrook, church precinct at Southgate-Elmwood, 113 Glenwood, 1078 South Mayfair, and Vista Mar School precinct. Even these margins for Pacelli over Verducci were narrow—113-107, 98-89, 115-91, 208-202, 113-110, and 114-109.

Pacelli was behind Verducci and Del C. Wilson in the St. Francis Heights area where the balloting turnout was exceptional. The highest single precinct vote for one candidate Tuesday went to Verducci with 241 votes at precinct JJ, located at 110 Mirada drive, St. Francis Heights. Wilson got his best tally there with 213, while Pacelli received 96 votes.

At precinct KK, 241 Lincoln avenue, near the Westlake-St. Francis line, Verducci had 237, Pacelli 172 and Wilson 105.

Precinct LL, 221 St. Catherine drive, St. Francis Heights, went 224 for Verducci, 194 for Wilson, and 104 for Pacelli.

Wilson, second to Verducci in eight of the 38 precincts, tied Verducci for high vote at precinct Q, located at 160 Abbott avenue, east side of town. Both had 124 votes (not counting 38 absentee ballots to be tallied next week) and Pacelli got 84 votes at Q.

Pacelli's highest single precinct total was at 113 Glenwood in Westlake where he mustered 208 to 202 for Verducci.

Verducci got over 100 votes at 28 of the 38 precincts.

Youth's Burns Fatal

Robert Volkman, 10 years old, 121 Hillcrest drive, became a human torch and died at Kaiser Hospital several hours later following the explosion of a can of paint thinner at the backyard of his home Tuesday at 12:25 p.m.

Robert had collected rubbish with brothers John, 8, and Michael, 6, in the backyard and piled it together. He lit a match to the trash but was not satisfied with the way the fire was going. He took a can of what he called "gasoline," later found to be paint thinner, and sprinkled some on the fire to give it more impetus.

He walked back to the back stairs of the house before the can exploded. He became what Officer Dave Johnstone called "drenched in flames." Mrs. Dolores Volkman was at work but Mae Bragg, 574 Third street, San Francisco, and a girl friend of Mrs. Volkman's, Joanne M. Stevens, 23, who lives at the Volkman home, were inside talking.

The boy ran into the house, screaming in great pain. Miss Stevens grabbed bedcovers and put out the flames. A neighbor pulled the fire alarm box as blankets, rugs, a chesterfield and one chair also were burned. Firemen doused the $150 damage blaze.

Responding to the fire were Chief Elmer Kennedy, Battalion Chiefs Mel Hanson and Frank Specht, Captain Richard May and firemen John J. Jacobs, Richard Verducci, Pat Cunneen and David Gash.

May, Verducci, Gash and Cunneen helped give oxygen to the little boy until the M&D Ambulance arrived. Robert was brought to Junipero Serra Hospital where authorities said he suffered 95 per cent third degree burns over his body. He died several hours later after being transferred to Kaiser Hospital.

'EMERGENCY' ORDINANCE

4-1 Council Edict Runs Daly City's Boundary To Bruno

Supported loudly by an oft-applauding audience, the City Council on Monday night swooped "Callan Park" into Daly City—inking the biggest annexation deal in this community's history and extending the city's southern limits 5 miles to San Bruno.

By 4-1 verdict, the Council brought in the proposed multi-million dollar development that occupies roughly 870 acres south of St. Francis Heights between Skyline and Junipero Serra boulevards.

In order to assure immediacy and perhaps head off a referendum by voters at large, the Council passed an "emergency ordinance" in addition to closing second reading on the annexation petition and approving the resolution for a unique annexation agreement to supplement the main ordinance.

This emergency ordinance, giving Daly City immediate jurisdiction over Callan Park for exclusive representation on freeway route adoptions, means that the annexation, unless challenged and stymied by a referendum, is official now instead of the usual 30 days' waiting period before it officially would be finalized.

The lone vote against the annexation was registered by Councilman Joseph Verducci. He agreed that the annexation agreement was a "good document" and he praised the administrative staff for their work in drafting it. Verducci said he wasn't sure if the annexation "was good or bad" because he felt "enough facts weren't discussed and many problems were unanswered."

The same audience last Thursday night heckled Verducci in the council's adjourned action meeting when he opposed the immediacy of the annexation. Comments of Mayor Edward Dennis, and Councilmen Bob St. Clair and Francis Pacelli—all citing the merits of the annexation—were roundly applauded by the huge crowd last week and again Monday.

Dennis asked City Attorney Paul Hupf if the annexation agreement "isn't the best we've ever had."

Hupf answered, "as a 'technical document,' this is superior because it has more enforceability."

Hupf, as earlier in council meetings with the Callans, indicated that the terms of the agreement were stronger than in previous annexations. Unique provisions in the agreement's basic language are that the city would withhold all building permits and approval of subdivision maps should the Callans fail to fulfill their agreed obligations in the pact.

The Council majority cited that in prior annexations, involving Doelger in Westlake and McKeon in St. Francis Heights, that the city hasn't received as many written guarantees from the builders as the Callan Park agreement provides for—if fulfilled to the letter. While the Council majority noted that Doelger substantially stuck to his pledges to the city, they pointed out that McKeon still hadn't set aside land for a promised city recreation clubhouse.

Monday's 4-1 victory for the Callans shot them into prominance for an ultra-expensive endeavor that within three years could make Daly City the county's second largest in population.

The agreement itself is accompanied by a Callan-supplied land-use plan and major street layout which will be incorporated into Daly City's master plan. Covered in writing are provisions for three sites for two reservoirs and one elevated tank and a two-acre site for municipal buildings (fire, police, public works). Also, water service and road specifications all will be under city control.

The city will reimburse the Callans for the cost of installing water mains over eight inches in diameter, pumping stations and the reservoirs. The city council has agreed to a 4 percent interest rate in making these repayments to the Callans over a 10-year period.

Separate, higher water rates for the new area was agreed upon, meaning present home owners would not have to unfairly finance water service in the giant tract.

The Callans, in partnership with Forest Homes, Inc., have submitted preliminary maps to the city staff and planning commission.

They will start in the area east of and across from the Skyline boulevard-Sharp Park road intersection. Their first major road will connect Juni-

Tot Dies At 'Bad' Crossing

Four-year-old Donald Uland was killed in an auto accident at Eastmoor avenue and Junipero Serra boulevard last Saturday at 11:35 p.m.

The tot was fatally injured when his father, Alfred Uland, 1024 B Street, Petaluma, was forced to slam on his brakes as a car turned in front of him, out of the Eastmoor avenue entrance. Donald fell forward off the back seat and apparently hit the rear door handle, falling out of the car onto the pavement.

Ronald Jean Bates, 2267 St. Francis drive, Palo Alto, and Louis Paul Drew, 1979 17th avenue, San Francisco, were involved in a rear end collision behind Uland's auto. Officer Al Nickas, of the Broadmoor police, said that when he and Reserve Officer Ken Smith arrived at the scene the boy was between the two cars.

Nickas said it couldn't be determined if the boy was struck by Bates' or Drew's car. The boy was found under the bumper guard of Drew's auto but Nickas theorized that Bates car might have struck him first.

M&D ambulance transported the boy to Junipero Serra Hospital. Nickas said Donald's pulse was "very slight" and the boy died 10 minutes later.

Nickas said the California Highway Patrol handled the accident report and he had no knowledge if a citation was given. However, he claimed the citation would not involve the death of the boy if one were given.

The officer noted that the man who drove from Eastmoor avenue was apparently unaware of the death that had occurred later.

Broadmoor Police Chief Ray Savage said this was the first fatality at this intersection. He added, "It won't be the last though, unless a signal is put up at this dangerous intersection. We have averaged at least one accident report a week at this intersection since St. Francis Heights has been opened."

SWASTIKA DRAWN ON ST. FRANCIS HEIGHTS HOUSE

Two St. Francis Heights residents complained to Officer Les Bastedo that juveniles had crayoned swastikas on the sides of their homes.

Both acts of vandalism were committed Sunday. Joseph Michael Vullo, 142 Cerro drive, and George V. Miram, 62 Santa Elena drive, were the complainants. The two men said they had never had any trouble with children in the neighborhood. A round circle, five feet in diameter with a swastika inside, was drawn on the South side of Vullo's home.

Woman Refuses Hospital Care After 'Overdose'

Janet Niles, 27, 443 Winchester street, was treated at home last Wednesday morning by a physician called by her sister, after she had taken "an overdose of sleeping pills," according to Officer Richard Phillips.

The woman refused to go to Community Hospital as the doctor recommended. Phillips said she is apparently suffering from emotional problems which are unknown at this time. She was left in the care of her sister.

BETTY KENNEDY, DC SCHOOL PIONEER HAS FATAL STROKE

Elisabeth Lorraine "Betty" Kennedy, pioneer of Jefferson Elementary District's teaching ranks and principal of Westlake School, died Monday evening in Sacramento after suffering a stroke that afternoon.

District Supt. Richard L. Foster was notified by other JESD principals who also were attending the California Elementary School Administrators conference in the capital city. It was reported that Miss Kennedy was stricken while driving her car to one of the meetings.

Sixty-two years old, Miss Kennedy first came to the Daly City school district in 1925 as a teacher at Woodrow Wilson School. She stayed at Wilson until 1951 when she was appointed principal of Crocker Elementary. In 1954 she took over the Westlake School principalship.

Born in New York state, Miss Kennedy came to California at an early age. She attended Notre Dame high school in San Jose, and in 1917 completed two years at San Jose State College. Her first teaching job was at Mendota in Fresno County in 1917.

She obtained her B.A. degree at San Francisco State in 1950 and her master's degree there in 1953.

Foster said her lone survivor is a brother, Scott L. Kennedy, of Burlingame. She resided at 1627 20th avenue in San Francisco.

Funeral details were not immediately available.

DC Aide Is Injured In Auto Mishap

Phillip J. Brown, 28, administrative assistant to the city manager of Daly City, barely escaped fatal injuries Saturday night when his small sports car went out of control on windy Skyline boulevard a few miles south of Westlake.

Brown said the car hit the soft shoulder of the road and spun around twice, injuring him and his passenger, Peter J. Kramer, 28, an insurance man from Alameda. Kramer was hospitalized for a mild concussion and facial cuts. Brown, of 275 Park Plaza drive, suffered chipped bones in his left knee and may be sidelined at least two weeks.

The mishap, probably resulting from heavy wind gusts, occurred at 10 o'clock. Both men were semi-conscious when police arrived on the scene. Fortunately, Brown and Kramer were protected by seat safety belts. There was heavy damage to Brown's car.

ELEMENTARY DISTRICT GETS OK FOR 14 NEW CLASSROOMS

The State Allocations Board last Wednesday authorized Jefferson Elementary District to go to bid on seven classroom additions at both the Thomas Edison and Abraham Lincoln schools in Westlake Unit 10 south of Lincoln avenue.

The district will open bids on these additions and also for seven more classrooms needed at Daniel Webster School on April 28.

Lincoln's first twelve classrooms will be populated next Monday when the school makes its debut. Dr. Lloyd Andrews is the principal.

Daniel Webster, in St. Francis Heights on El Dorado drive, will open its doors (five classrooms ready) on Monday, April 25. Its students include some youngsters now at Jefferson, Colma and Garden Village. Webster, headed by former district superintendent H. Z. Weibel as principal, ultimately will have 18 classrooms and two kindergartens, housing about 480 students.

Construction of the 14 additional classrooms (Edison and Lincoln) will begin in May and should take about six months, according to District Supt. Richard L. Foster. The three schools will be approximately the same size and enrollment.

Foster said the school district this Wednesday will open bids on the M. Pauline Brown elementary school, north of Eastmoor avenue in front of St. Francis Heights. On April 26, bids will be opened for the new district headquarters—ed-

Injured Jefferson Soph Loses His Leg

Doctors at St. Mary's Hospital in San Francisco and students at Daly City's Jefferson High School have one thing in common.

They're rooting for John Fanucchi, 15-year-old Jefferson sophomore, whose left leg was amputated above the knee last Friday.

Reports are that young John, who recently set a school pole vault record for the C division track team, is "doing swell and is in good spirits."

The son of Mr. and Mrs. John A. Fanucchi of 451 Hillside boulevard was critically injured March 19 when he and his father were sanding their fishing boat at Mission Rock.

The chain holding the boa. off the floor collapsed, sending the boat down on young John, the propeller cutting into his leg.

It was quite some time before the youth was pronounced out of danger from loss of blood. Doctors ordered the amputation, his second operation since the mishap, to avoid further complications.

John's father, a cement truck driver, said today the youth soon will be allowed visitors at St. Mary's. His classmates, who have flooded him with get-well cards, will no doubt invade the hospital in droves.

Garbini Tops Colma Ballots

Incumbents Wallace Honeywell and Earl Taylor, both cemetery employees, were re-elected, but machinist Fred Garbini got the high vote Tuesday in Colma's Town Council election.

Garbini captured a seat with 82 votes. Honeywell had 77 and Taylor received 64. Nurseryman Leslie Balestra, the fourth candidate for the three openings, got 60 votes.

ucation center, to be located in Westlake 10 on the corner of the Lincoln and Edison school sites.

The Allocations Board last week authorized $172,135 for the seven Lincoln classrooms and $171,943 for the same increment at Edison.

Foster and Asst. Supt. David Shapiro also received approval in Sacramento on preliminary plans for Christopher Columbus School, to be located in St. Francis Heights. Cost of this construction is expected to be about $830,998 for 18 classrooms, two kindergartens and a room for the district's blind youngsters. The Columbus site, purchased by from McKeon Company, cost the district $327,095.85.

The request for state funds to build Columbus K-6 will mark the first time the district has filed for 18 or more classrooms all at once. The school board advocates more classrooms at each new school site.

Arsonist Blamed For Los Banos Avenue Blaze

Battalion Fire Chief Mel Hanson, according to Officer Matthew Murray's report, said he believed an arsonist caused $300 damage to the home of Mr. and Mrs. Robert Donald Carlson, 119 Los Banos avenue, Sunday at 8 p.m.

Carlson, and his wife Laurie Jane, both 26, said they heard noises coming from the garage door as if someone was trying to enter. They started downstairs and heard what Mrs. Carlson described as an "explosion." Hanson and two fire companies responded to the scene.

Mrs. Carlson said she could give no reason for anyone possibly starting the fire. Hanon told Murray that the culprit may have poured gasoline through the garage window, possibly igniting fumes with the pilot light of the water heater.

The $300 damage included partial burning of three motorcycles located in the garage.

pero Serra to Skyline in this area. Next will follow another major north-south road artery, south of St. Francis boulevard to meet the east-west lateral. Another major east-west street lateral will follow as the development grows. All these major links will be financed by the builders and must conform to city specifications.

Water service will be under Daly City's exclusive supervision, and this immediate water hookup will be to the San Francisco water department.

The Council majority felt other major problems such as sewage and drainage would be resolved as they occur in the various phases of the development.

City Manager Edward Frank, praising the strength of the annexation agreement, stressed, after many conferences with department heads, that Daly City must promptly gauge the effect of the annexation in its next fiscal budget and reminded that no property tax revenue will come to the city from the new development until November of 1961. The fire and police chiefs and public works department head also anticipate considerable initial cost factors in serving the tract.

Although there are no plans for industry of any kind in the 870 acres, the Callans in their report cite the high revenue to the city from a giant 60-acre shopping center, two additional neighborhood shopping centers, building permits, and state subventions (gas tax and motor vehicle license revenue).

Callan's survey sums up the total assessed valuation of the completed project at $37,260,000, which would greatly broaden Daly City's tax base. Total value of the land and improvements is listed by the Callans as $129 million.

Twenty-eight hundred homes are contemplated, ranging in price from $20,000 to $27,000. Added population there for Daly City would be about 16,560, according to Callan's report.

The main shopping center, southerly end of the development near San Bruno, would occupy 60 acres and cover 1,000,000 square feet — larger than Stonestown and Hillsdale, according to Callan projections.

The two neighborhood shopping centers and adjoining buffer apartments would occupy 50 acres with high rise (tower) apartments (with swimming pools), totaling 450 units. Another major development, the report continues, will occupy 50 acres and provide 2500 units.

The report also states that "ample provision is to be made in the planning for sites for schools, churches, a hospital and city government buildings and facilities."

Calan's timetable for development is that the first homes will be started on June 1 this year. The first 1000 homes will be completed in April of next year. The first neighborhood shopping center and adjoining apartments should be completed by May of 1961, according to the Callans. The second 1000 homes will be completed in January of 1962. The second neighborhood shopping center and adjoining apartments are to be completed in February of 1962. And finally, the regional shopping center and major apartment development would be started in September of 1962, the report concludes.

As for schools, the Callan report states: "If Callan Park is a part of Daly City, we assume steps should also be taken to include the area in the Jefferson School District."

DEEP in a valley, the Terra Nova school site below Linda Mar's hills in Pacifica is a choice location. The $1,824,163 plant will be ready for students in September next year. Grading is almost complete and construction will begin soon.

Joe Vollbrecht Tells Jeff PTA About Europe

"It has been a pleasure and a privilege to serve as president of the Jefferson High School PTA," were the words spoken by Mrs. Joseph Kusber, who will serve a second term as president.

Last Thursday's PTA meeting featured Joseph Vollbrecht, science teacher at Jeff, who gave his observations and reflections on a year in Europe.

He toured Germany, Switzerland, Italy, Belgium, France and Lapland, and showed the audience colored slides of the areas.

While in West Germany, Vollbrecht visited and studied in the various schools to see how science and math were taught.

Installation of officers took place following the program. Mrs. Forriest Cunningham, 17th district's PTA president, was the installing officer.

Collision Occurs After Accident

Two persons complained of pain after a three-car collision at School street near Station avenue last Tuesday at 5 p.m.

Paul Frank Gandolfi, 38, 418 Higate drive, a warehouseman, a driver of one of the autos, said he would see his own doctor. Farris Dean Hughes, 28, 108 Buxton drive, South San Francisco, a mechanic, said he would bring his seven-year-old daughter to see the family physician.

The other driver, Paul M. Garcia, 32, 867 Beechwood drive, Colma, a lithographer, was cited by Officer Richard deLosa for following too closely. The rear end collision occurred when Gandolfi and Hughes were stopped because of an accident which had stopped traffic in front of them.

SF Golfer's Clubs Worth $250 Stolen

Roy L. Tensfeldt, 181 Denslowe street, San Francisco, reported to Officer John Coleman that his golf clubs and bag were stolen from his car Friday afternoon.

Tensfeldt said they were valued at $250. He said they were taken from his unlocked car at either the Lake Merced Club, Val's restaurant or the Westlake shopping center.

Westlake Church Raid Admitted By Juveniles

Four neighborhood boys, ranging from 9 to 13 years old, were cited to Hillcrest Juvenile Detention Home and released in custody of their parents after admitting breaking into St. Martin's Church, 777 Southgate avenue, April 2.

The two sets of brothers said they destroyed the tape recorder which was valued at $229.50. Officer Al Nicolini got the names of possible suspects from the man who handles the morning newspaper routs for both San Francisco dailies.

One of the carriers said he saw the four boys carrying electrical appliances. A 13-year-old, eighth grader at Ben Franklin school, said he took a glasscutter from his father's tool box in order to gain entry. With him were his brother, 9-years-old, a fourth grader at Garden Village, a 13-year-old classmate, and the classmates younger brother, 11, a sixth grader at Thomas Edison.

The boys only admitted the one theft but police believe they may have been involved in the ransacking at Vista Mar School.

Presidio DAR Meeting Monday

Presidio Chapter, Daughters of the American Revolution, will hold its monthly meeting on Monday, April 18, at 1:30 p.m., Veterans War Memorial Building. The regent, Mrs. Herbert W. Hopkins, will preside at the business session at which time reports on the state conference will be made by the delegates, and also at this time new officers will be elected.

Hostesses for the meeting are Mesdames Ruth Law Oliver, Joseph B. Cooley, Royell D. Friend, Angelo Stefani, H. Edward Woodring and Miss Mary C. Latham.

Checks, Wristwatch Stolen From Home

Manuel Gomez, 62, 1190 Hanover street, a shipyard worker at Hunter's Point, told Officer Charles Munday a thief ransacked his home between April 1 and April 8.

Missing were two payroll checks, worth $89.31 each, and a lady's wristwatch, valued at $125. Munday said the thief entered through an unlocked basement door.

Sam Chandler Delivers Talk

National Library Week was observed here last week by the appearance of City Librarian Sam Chandler as guest speaker at the Thursday Morning Book Review meeting. This regular monthly feature, co-sponsored by the Friends of the Library and the YWCA, attracted an interested crowd to the Westlake Clubhouse to hear Chandler analyez "What Makes Great Literature," illustrated by examples of notable books published during 1959.

Prior to Chandler's informative talk, Eleanor Raymond of the Westlake Branch of the YWCA spoke of forthcoming activities, including a Bridge Luncheon to be held at the Westlake Bowl, April 28, 11:30 a.m. With Mother's Day in mind, models will display appropriate gifts which can be found in local stores.

In discussing "What Makes Great Literature" Chandler said that the author must have something worthwhile to say and in saying it must convey a sense of reality. In touching upon the notable books of 1959, he commented that a concern over American shallowness of purpose marked the viewpoint of many 1959 writers.

Jerry Wilson of the Westlake Bowl contributed coffee and a chocolate cake and the Daly City Garden Club brightened the scene with a brilliant red carnation plant.

Cliff Climbing Not This Young Boy's Sport

Seven-year-old Michael Bossier, 59 Wavecrest drive, may think again before he decides on climbing cliffs near the Coast Highway road.

Officers Richard Sims and Matthew Murray along with firemen from Company No. 5 responded to a call from Mrs. Doris Smith, 90 Menlo avenue, who said that a small boy was on the cliff at the rear of her home Sunday at 4:50 p.m.

Firemen and Murray descended the 500 foot cliff near Menlo avenue and Oceanside drive but couldn't find the boy. Sims began at the entrance of the Skyline-Coast Highway intersection and walked three miles south.

He saw Bossier, "shaken but unhurt." The boy said he and two friends had been climbing down the cliff. He became stranded at the half-way mark and the other boys abandoned him. He said he stayed for awhile and then descended the cliff by sliding on his stomach. The seven-year-old was returned home to his parents.

LETTERS TO THE EDITOR

MAYOR IS CRITICIZED

Resident Charges Neglect By Council---Eastmoor Fatality

Dear Editor:

Many of the residents of the southwestern portion of Daly City are required to use Eastmoor avenue as a major access route to and from St. Francis Heights and Westlake Knolls. Eastmoor and Junipero Serra is a treacherous intersection of first magnitude; left turns from Eastmoor into Junipero Serra are danger fraught to the point where paid up life insurance is a must before one hazards the risk. This can be confirmed by anyone who has ever attempted to negotiate a turn onto Serra during commute hours or on Sundays.

With this fully in mind, on January 20, 1960, this writer directed correspondence to our City Council complaining that this was a "most dangerous intersection imaginable" and asking the Council to use what good offices it has to convince the State Division of Highways that a traffic control signal at this intersection was a matter of immediate need.

Two weeks later the writer received a reply from Mr. Hupf, our City Attorney, acknowledging the Council's awareness of this danger and stating that although the City had theretofore taken the matter of a signal installation to the Highway Department" within the past year," it had denied the City's request. Mr. Hupf stated that the City would re-discuss this matter with the State Highway Division in the hope that the increased population and traffic in the area in the interim would prompt a re-appraisal of the need for traffic controls. That correspondence dated February 8th, was the last definitive thing that the City has done to correct this outrageously perilous situation until Monday night, April 11th.

As you may recall, on Sunday night, April 10, a four-year old child was killed at this intersection, and the absence of adequate traffic control signals was a contributing factor to this death. The sad commentary upon the City's dereliction of public confidence is evidenced by this writer's said letter of January 20 which closed with the prophetic statement: "I sincerely hope that it doesn't take a traffic fatality to convince the powers that be that a stop light is required in the area in question." The fact is that it took just such a fatality to convince City fathers of a danger which is obvious to even a casual obvious to even a casual observer under present conditions.

Last evening this writer attended the City Council's regular meeting for the purpose of demanding an explanation as to why two months had elapsed without any concrete action. Amid the tumult and the shouting which accompanied the formal annexation of Callan Park, this writer was not afforded the opportunity of making his inquiries made known to the Council. This is attributable to the mayor's neglect in passing from the annexation of Callan Park to the close of busines without calling for any other unfinished business or for any new business for that matter. When the gavel banged to adjourn the jam-packed assembly this writer was standing not three inches from the lecturn attempting to catch the eye of the City's chief executive who had allowed this public meeting to degenerate into loud and friendly conversations among the several hundred persons who favored the annexation in question and had attended to observe Council action.

For this reason the writer feels that the neglect of which the Council is guilty should be spread forth in your paper, so that in the future if, as and when traffic controls are installed at this intersection, the City fathers will not be in the position to "point with pride" etc., to their achievement in this respect. I'm certain that the sad father of that innocent four-year-old child whose brains were dashed on the pavement Sunday night, is little concerned with the fact that the City Council has belatedly decided to take some action.

I submit that while annexation of large areas is desirable and in the best interest of the city, the City Council should heed the warnings of the citizens it already has the responsibility of safeguarding. I feel that others should join with this writer and the ever alert Westlake Improvement Association in making certain that someone secures traffic controls at this intersection.

Yours very truly,
William G. Fleckles

Speaker Says Freeways Can't Do The Job

San Mateo County could become the equivalent of "a gigantic automobile thoroughfare" unless rapid transit is developed here, an official warned today.

A. J. Bertini, one of this county's three representatives on the board of directors of the Bay Area Rapid Transit District, declared that only a modern rapid transit system can effectively funnel the anticipated future commuter traffic into "a small high-volume corridor."

"It would take far too many freeways to accomplish the same job," he said.

Bertini explained that San Mateo County is situated between the two largest concentrations of future population in the entire Bay Area—the cities of San Francisco and San Jose.

San Jose, he noted, is due to surpass San Francisco in population by 1975, according to some authorities.

"That means tremendous numbers of commuters will be traveling in both directions across San Mateo County—not to mention the added traffic brought about by our own population growth," he said.

According to Bertini, the value of rapid transit will be proven fully in the future — at the time when it is impossible to provide more new space for streets, freeways and parking facilities.

"Rapid transit will have the ability to divert thousands of commuters from using their automobiles," he explained, "because it will offer frequent train service at all hours daily, to convenient passenger delivery points in the downtown areas."

CASTELAN SET FOR MEETING AT CATALINA

St. Francis Heights Boy, 4, Is Injured

A four-year-old St. Francis Heights boy complained of pains in his stomache and a laceration of the head after running into a truck which was pulling the San Fernando Way grade at 10 miles per hour last Wednesday at 11:15 a.m.

Donald E. Kahrau, 130 San Fernando way, ran into a truck driven by Franklin A. Water, 42, 411 Filbert street, Half Moon Bay. The boy was transported to Junipero Serra Hospital by Officer Les Bastedo. Kahrau was later transferred to the care of his doctor. Officer Richard Phillips did not cite the truck driver.

AROUND TOWN

By ROY HURLBERT

"The tumult and the shouting dies . . .
The Captains and the Kings depart.
Still stands thine ancient sacrifice
A noble and a contrite heart."

This Kiplinged message is for all who took an interest in Tuesday's Daly City municipal election.

The only losers are residents who don't even bother to avail themselves of their rights to vote and participate in city government.

●

THE FIELD for Tuesday's balloting was peculiarly small—six candidates for three posts in a city of 43,300 residents.

Two years from now we wouldn't be surprised to see about a dozen or more council candidates. Several hopefuls sat out this campaign—for reasons that may not be too obvious and depend on individual interpretation.

●

CITY COUNCIL meetings should be packed—not stacked—all the time if government is to be beneficial.

Stay-at-homes get their information second hand and sometimes facts get lost in the shuffle. If you want to know what's going on at City Hall, the first thing to do is to become a "regular" councilgoer.

Like churchgoing, councilgoing is worth the time consumed.

All the the world's a stage, and you'd be surprised how many politicians love the productions.

One blessing of democracy, no less.

●

THE DEATH of Westlake School principal Elisabeth Kennedy in Sacramento Monday afternoon has saddened her many, many associates in the profession.

She gave 39 of her 62 years to education—years of dedication to hundreds of children who, today as adults, will remember.

●

IN TACKLING problems inherent in the Callan Park annexation, all five Daly City councilmen concede that a stronger subdivision ordinance must be adopted here.

Thousands of dollars are involved in the building business and cities must make sure builders—most of whom are an asset to a community—will meet them half way. It takes "proper" cooperation.

●

A FOUR-YEAR-OLD youngster was killed Sunday night at the Eastmoor avenue turn-in to Junipero Serra boulevard.

City officials months ago asked the state for signals at this most hazardous point. But the state said its traffic count showed insufficient volume to warrant signals.

The state no doubt NOW will give the signals more serious consideration.

It's true that it sometimes DOES take a death to make the proposal more convincing!

It's the worst traffic crossing we've seen in this whole area.

●

A DECISION on the state's "final" freeway route through Daly City is expected by the end of this month.

More definite details on what business firms and homes will be uprooted on the east side of Junipero Serra should be available at that time.

●

DR. VINTON STRATTON, immaculately sharp director of instruction for Jefferson School District, is the new president of the California Elementary School Administrators Association.

A dignified and important position for a "caliber" educator.

●

BUD LYCETT of Lasswell's funeral parlor (the way they used to call 'em) wasn't worried about the colossal traffic jam at the Giants' opener at Candlestick.

"I don't have to get back home until Wednesday anyhow," cracked Bud as he set out for the big bowl Tuesday noon.

At last report, they were still looking for Bud. Probably took the wrong turnoff.

●

DEL C. WILSON, a likeable guy who has the best intentions, said he couldn't lose in Tuesday's city election.

Said Del prior to the outcome: "Even if I lose I make a lot of contacts for my real estate sales."

And he did. Del saw more people personally than any of the other candidates combined.

●

EIGHTEEN-YEAR-OLD Maria Bocci of 62 West Cavour street, this town, was named "Belle of Archania" along College of Pacific's sorority row. This is a heaping honor if you know anything about collegiate society.

Maria, whose kinfolks are monument makers of long vintage, is majoring in history. The redhead, a '59 Jeff graduate, is making history at COP. And when they ask her "where's Daly City?" she gets mad. Like all carrot-tops.

●

HIGH SCHOOL trustees this week hired one Frank A. Terranova as a science teacher for Oceana High (Sharp Park). Too bad they didn't earmark Terranova for Terra Nova High in Linda Mar.

●

AND IT'S never too old to work——

Hired as grading inspector for the Oceana High site is Arthur Payne, 75 years young, who lives so close to the school that "I can roll out of bed and land on the site."

Ancient Arthur labored many years for the state before heading for pasture as a sprout of 70.

Pornography Topic Of PTA

Hillside PTA, covering Colma K-6 and Colma Intermediate schools, will hold their monthly unit meeting on April 21 at 8 p.m. in the multi-use room.

The program will feature installation of new officers. Guest speaker will be Assemblyman Louis Francis of the 25th District, San Mateo County. He will speak on "Pornography—A Menace to Our Children," and show lewd magazines, photographs, cartoons, advertisements, etc. which are freely available to children today.

President Don Lesher extends an invitation to all adults.

Mrs. Reta Poole, hospitality chairman, said hostesses for the evening will be third grade mothers.

Adult Information Class Offered At Local Church

As the results of visitations made into the homes of people of the community by lay visitors from Hope Luthern Church during the Lenten Season, Rev. Louis C. Marting, Pastor of Hope Church, announces that a new Adult Information Class is being offered to interested persons.

These new classes will be held on Thursday evenings, beginning April 21, at 8 p.m. They will be held at the church, 55 San Fernando Way, in St. Francis Heights, just west of Junipero Serra blvd., Daly City.

This class is considered preparatory, but certainly is not obligatory to church membership. A textbook and other materials are supplied free by the church. Anyone is invited to participate in these informal discussion groups.

EASTER PARTY FOR SHRINERS' HOSPITAL KIDS

Easter party plans for the little patients of the Shriners' Hospital for Crippled Children were being completed today by Islam Chapter, Order of DeMolay, it was announced by Jack Ballentine, program chairman.

The variety show of dancing kiddies, clown acts and musical numbers will take place in the hospital court yard at 19th avenue and Lawton street starting at 9 a.m. on Easter. The Islam DeMolay bunny will make his annual appearance with games and a basket of Easter candy for all.

Following the outdoor program, the DeMolays led by Master Councilor George R. Weddleton, will tour the hospital.

'PASSION PLAY' FEATURE OF EPISCOPAL TOUR

Participants in the Episcopal Laymen Church Tour to the British Isles and Europe scheduled for early summer (departre May 30) will attend the performance of the world famous Passion Play in Oberammergau.

Contrary to popular belief, this production is not a portrayal of the life of Christ, but only of the events of His last few days on earth.

The play, starting at 8 in the morning, takes eights hours to present. The characters are chosen by a committee selected by popular vote of the community. No one may act in the spectacle unless he is a native of the village and is of unimpeachable moral character and dramatically qualified to enact the role for which he is chosen.

Approximately 300,000 persons witness the production each season—the proceeds from which are divided into four equal parts—one for production costs, one for furnishing homes for visitors, one for the Church and one for the players.

Those persons wishing to take this particular church tour with the inclusion of the Passion Play in its itinerary are invited to contact Epsicopal Laymen Church Tours, 350 Post street, San Francisco.

MRS. WAYNE FLACK and Mrs. Kenneth Schneider, co-chairmen for the Village Co-operative Nursery sponsored dance, remind that tickets are selling at $1 per person. The tenth annual fund-raising dance will be held April 30 at the Westlake Auditorium. Tickets may be purchased by contacting Mrs. Egidio Masini, PL 6-2065.

WHAT'S DOING

W. L. Conkey, your Telephone Manager in Daly City

"Nebraska has no seacoast. The native Hollander wears wooden shoes." Sound like strange conversation? Bell Telephone Laboratories engineers don't think so. It's part of a test to lessen noise on your phone. These sentences are taped against a background of noise, then played over phones to listeners who rate how clearly they sound. Our engineers learn a lot from this test—another way we work to bring you trouble-free phoning.

Each pair of insulated gloves worn by telephone men has a date stamped on it. On that day, he'll turn them in for a new pair so the old ones can get their "bath". But it's not to keep them clean. This "bath" has 10,000 volts of electricity shooting through it and if there's the slightest flaw in a glove, a hot blue arc warns: "Throw it out!" This attention to what seems a small detail is mighty important to telephone men who might work near power lines. And, because they know they're safe on the job, they can devote all their skill to bringing you good service.

Flowers from the garden are one way to brighten up the house. Here's another way to bring spring in: "Pick a phone" from our garden of colors: red, pink, yellow, ivory, green, blue, beige, gray, or white. Extension phones are practical as well as pretty, like this kitchen wall phone. It hangs up handily, saves counter space . . . and saves you steps. Why not call a service representative at our business office, or talk to your telephone service man. They'll be glad to help you pick a phone—or as many as you need—for *your* home. **Pacific Telephone**

VISTA MAR PTA HEARS NATURE STUDY SPEECH

Color slides of animal and plant life specimens which can be enjoyed here in San Mateo County formed the core of the program presented for Vista Mar PTA members on April 5 by Charles Hice, curetor of the San Mateo County Junior Museum.

Pictures of youngsters discovering the contents of the tide pools at Pescadero Creek, taking nature walks in Portola State Park or collecting ladybugs in a fruit jar were graphic examples of the nature hobbies and projects that parents and children can enjoy together.

Hice suggested many ways parents can encourage the natural interest and curiosity children have in living creatures. It is important, he said, for parents to help them identify what they discover and help them arrange and preserve their collections of rocks, butterflies, leaves, etc., so that they are interesting and attractive. A little thought and time devoted to the child's interest in nature can awaken a challenging and rewarding hobby. As a hobby, nature study offers mental stimulation, release for physical energies and a feeling of accomplishment — all important ingredients in a child's learning and growing process.

In his concluding remarks, Hice extended an invitation to parents to whet their children's interest in nature by bringing them to visit the San Mateo County Junior Museum at Coyote Point.

REDWOOD STRUCTURE

Unique Design Of Hope Lutheran Church Praised By Europeans

Architectural acclaim for a Daly City church has been received from foreign publications rather than the usual United States sources. The recipient of these foreign plaudits has been Hope Lutheran Church a 55 San Fernando Way, located just east of Saint Francis Heights.

This imposing redwood structure has just recently been featured, complete with pictures, in the Spanish publication "Instituto Tecnico de la Construccion y del Cemento." France has also noted the existance of the Hope Lutheran Church in its "D'Aujourd' Hui" publication in 1959. Even Great Britain's "Wood" magazine complimented the American church for its clean modern lines, just as did the "London Times" and the "English Architectural Review."

Models and photographs of the church have been on exhibition in several leading domestic sources, as well as the Union Theological Seminary show and University of Maine's contemporary church exhibit.

This unusual "A" frame type structure was designed by San Francisco Architect Mario Corbett and was completed in 1956. The church is built of entirely naturally finished redwood, both on the inside and out. The altar of mosaic tiles was executed by women members of the congregation from designs by the architect. An unusual feature of the design is its leaning cross window, inspired by the cross carried by Christ on the way to his crucifixion.

Temple Judea Passover Rites Told

Westlake Temple Judea's Religious School classes will observe a Passover vacation on Sunday, April 17. The week-day Hebrew School Passover vacation began on Monday, April 11 and will terminate next Tuesday, April 19.

A special memorial service will be conducted by Cantor Harold Wachter on the last eve of Passover, Sunday, April 17, at 5:30 p.m. in the Temple House. Members and friends of Congregation Judea are invited to attend this Service dedicated to the departed.

Rabbi Alfred Barnston will occupy the pulpit of Congregation Judea this Friday, April 15, 8:30 p.m., 95 South Mayfair in Westlake. Everyone is invited to attend the service and the reception and social following.

Moose Lodge Aids Pacifica Worship

Pacifica residents needing transportation this weekend to churches of their choice for Easter services are asked to call members of Moose Lodge No. 1944 of the Coastside city.

This is a public service project of the Lodge. Numbers to call for free transportation are FL 5-6192 and EL 9-1032.

UNIQUE architecture of Hope Lutheran Church in Daly City's St. Francis Heights has brought international praise for the design. The church is constructed of handsome and durable redwood. It is typical of the many fine churches of all faiths in the Daly City area. Attendance will be heavy this Holy Week. Chapman photo

Lutherans Attend 'Service Of Darkness' This Good Friday

The traditional "Service of Darkness," otherwise called the Office of Tenebrae, will again be observed on Good Friday at 8 p.m. at Hope Lutheran Church, 55 San Fernando Way, in St. Francis Heights, just west of Junipero Serra boulevard, Daly City.

Participating in this service will be the combined junior and senior choirs, and the Pastor, the Rev. Louis C. Marting. Unlike other services, this service is conducted without the use of the church organ. Twelve candles on the altar, representing the disciples, are extinguished one by one, signifying the flight of Christ's disciples, until, at the conclusion of the service, a single candle, representing the Lord Jesus Christ, is removed from the chancel for a few moments, suggesting the three days in the tomb. This candle is returned to the altar symbolizing the resurrection. Appropriate Scripture reading and choral music will make this Good Friday Service particularly descriptive and meaningful.

A Noonday Service will also be held at the church that afternoon at 1 p.m. Pastor Marting will speak on the Seventh Word from the Cross, "Father, into Thy hands I commend my Spirit." Workers who have the opportunity to worship during this time are invited to join this service.

Job's Daughters Here In Annual Easter Project

The girls of Bethel 198, Job's Daughters of Daly City, met at Westlake Shopping Center to distribute lillies and receive donations for crippled children via the Easter Seal Society. This is one of the many philantropic projects the girls participate in each year.

Bethel 198's theme, "Misty," received the most votes of the Honored Queens for the Spring Formal to be held at the St. Francis Hotel on April 29. The name was suggested by Mary Fisher, who received a complimentary ticket.

Honored Queen Donna Dennis of Bethel 198 held a silver tea at her home Sunday. Many members of the Bethel and friends attended. Proceeds from the affair go to aid the Scholarship Fund of the International Order of Job's Daughters.

Two Good Friday Services At Bethel Lutheran

On Good Friday, two services will be conducted at Bethel Lutheran Church, Alemany boulevard and Huron avenue.

The first service will begin at 1 p.m. with the children of the Sunday School participating. The primary department will sing. The junior choir, under the direction of Miss Gladys Schultz, will sing: "Beneath the Cross of Jesus."

The second service will be held at 8 p.m. The Rev. Herbert P. Schroeder will conduct both services.

Tenth Annual Easter Rites At El Rancho

The Rev. John Uhlig, executive secretary of the California and Nevada District of the Lutheran Church, will be the guest speaker at the 10th annual Easter Sunrise service in the El Rancho Drive-In Theatre off El Camino Real and Junipero Serra in South San Francisco.

The Lutheran Inter-Church Council will again sponsor this service, which will begin at 6:15 a.m., no matter what the weather.

The Drive-In Theatre's beautiful setting and the fact that worshippers may experience the thrill of a sunrise service while remaining comfortably seated in their automobile has made this service increasingly popular each year.

Members of Hope Lutheran Church will assist in the ushering and also will be part of the Inter-Church Choir that will sing at the service. The entire community is invited to participate in this service.

Hunt Arsonist On Templeton

Templeton avenue residents were warned to look out for an arsonist who tried to start fires on that block last week.

Officer Matthew Murray took a report from George Winthurst, 57, 742 Templeton avenue, which claimed that a pile of rags had been set afire in his garage, located in an alley to the rear of his house. Luckily, the fire burned itself out.

Murray questioned neighbors and came up with a second report, Harold John Perro, 55, 736 Templeton avenue, said he had extinquished a fire in the garage of a house at 730 Templeton avenue. The owners were not home at the time.

Both cases took place either Friday or Saturday and entry was made by garage doors left open by the owners. Both times the rags were brought in by the perpetrator. Murray sent a copy of the report to the fire department.

SAWING wood, Sandra Gonzales suggests that Daly City's "Home Improvement Week," April 20-27, is time for the whole family to participate in making the household more attractive and functional. She's the theme girl for the city-sponsored and Chamber of Commerce support project. Local merchants will offer outstanding home improvement bargains. You'll see!

'Get Into The Swing Of Spring'

The Giants ignited their Candlestick spirit this week and everyone is set to swing into Spring.

The period April 20-27 is "Home Improvement Week" in Daly City. What does this mean?

The time is ripe to bring your residence up to date with Spring modernization.

Next week's newspaper will feature the city-wide event in the form of a 20-page supplement on local merchants who are trimming prices and offering outstanding home improvement bargains.

Daly City's merchants know what their community needs in long-lasting home materials. And Spring is the best time to work around the house to make it more attractive for the year ahead.

Sailor Will Not Have Very Happy Homecoming

Tony Inson, 118 Los Banos avenue, is presently at sea but will be in for more than a mild surprise when he returns home.

Juveniles are believed to have slashed four dinette chairs, cut telephone wires, dismantled the phone, smeared paint on the walls and dumped jars of paint into the toilet.

Officer Tom Culley was notified of the case by a neighbor, Michael De La Cruz, 116 Los Banos avenue. The malicious mischief occurred between 9 a.m. Thursday and 5 p.m. Friday. Damage was estimated at $200. Culley believed the work to be that of boys between 8 and 10-years-old because of the size of footprints found near an unlocked rear window.

ONE OF THE BEST

An Interview With Ralph Meeker

The frantic and almost "animal-like" attempts by members of a community for survival in the face of an atomic attack were brought to TV screens last week in a memorable performance on CBS's distinguished "Playhouse 90" series over KPIX titled "A Last Babylon." There were many moments of harsh realism during the play, such as the scene with the burnt corpse clutching the jewels active with radiation, that certainly made for thought-provoking television.

Present at a special closed circuit telecast previewing the program held at KPIX's studios were Bay Area mayors and Civil Defense officials. Throughout the country similar gatherings of mayors and governors were held, highlighted by a stimulating address by Gov. Nelson Rockefeller of New York, Chairman Special Committee on Civil Defense of Governors Conference.

This is true public service on the part of CBS television—bringing together nation's leaders to focus attention on a vital community concern—and dramatizing the problem for the public by such an outstanding production. However, since the preview was held only a few days before the TV program, we feel that the show was missed by many people. We do hope the program will be repeated, and that Mr. Rockefeller's excellent talk will be incorporated into the program.

There remains much to be done in Civil Defense to awaken an apathetic public, and television is a powerful and most effective medium to tell that story.

* * *

Last week was highlighted too, by several guest appearances of local groups over television. On KPIX, four students from Benjamin Franklin School in Daly City appeared as special guests of Dick Stewart on his popular teen-age program "Dance Party," to tell about their class project, "Museum of American Progress." Susan Doelger was the charming spokesman for the group and she was assisted by Diane Calderoni, Greg Ferraro and Marc Mallinger.

Over KGO-TV, many local youngsters were among the more than 100 "graduates" who participated in a televised birthday party with lovely "Miss Nancy" Besst celebrating a second anniversary for the excellent children's program "Romper Room," one of the most delightful children's programs on the TV lanes.

On Channel 7 too, South San Francisco High School was represented by a jazz combo group who placed in the semi-finals of KGO-TV's "Bourbon Street Beat High School Jazz Band Contest." Finalists will be decided by viewers' mail votes and scoring of judges, and will appear on a special television show over Channel 7 on April 16.

* * *

TV dates to mark on your calendar: New seven-week series "Hats in the Ring" (KQED, Wed. 8 p.m.) analyzing great game of American politics.

Over KRON-TV, on "Assignment Four" (April 15, 6:30 pm), S.F. Quake and Fire will be relived through historic collection of original glass plate negatives never before shown to public. Also on KRON, NBC's "Easter Sunday Showcase" featuring Tabernacle Choir, ballet from U. of Utah, and Utah Symphony Orchestra (April 17, 8 p.m.).

Over KPIX, "We Believe" (April 17, 10 a.m.), special non-denominational Easter program presented in cooperation with Grace Cathedral and S.F. State College.

School Trustees File Suit For Bank Collapse

Jefferson High School District trustees Monday night approved Superintendent Ed Morgan's recommendation to ask the district attorney to file a damage suit in the amount of $120,000 "more or less" against property owners Mr. and Mrs. Tom Callan Jr.

The suit takes into account the collapse of the bank at the Easterly section of Westmoor High School's playfield. The bank collapse occurred in September of last year.

District trustees waited until a report by Soils and Testing Engineers Charles Lee and Mike Praszker was completed before trying to "fix the responsibility." Their report stated the bank default was due to grading on the neighboring landowners part. The engineers said the collapse would not have occurred excepting for grading by the adjoining land owners.

Morgan, Monday night, gave a detailed report of work to be done and cost estimates. Preliminary plans and specifications by Lee and Praszker who that 60,500 cubic yards have to be excavated and repaired at a cost of $75,500. Other costs include: 555 cubic yards of rock drainage at $3300; 240 feet of subdrainage at $3720; 600 feet of concrete gutter at $1200; two manholes at $500; 300 feet of plumbing at $1200; 860 cubic yards of topsoil to be imported at $2580; 4100 feet of reseeding, including labor, at $630; and supervision at $8000.

Handsome and talented star of more than a dozen Hollywood movies, veteran of many Broadway productions, Ralph Meeker is cast as Steve Dek-Ker, the rugged law enforcer, in KGO-TV's new adventure series "Not for Hire" (Wed. 10pm). He was recently in town to meet the press and talk about the new program. Although he has appeared in other shows such as "Kraft Television Theatre" and "Playhouse 90," the new series is his first continuing one for television.

He proved to be a most cooperative and pleasant star to interview. Since he had starred in so many successful stage productions, we could not resist asking how he felt acting on the stage compared with television. He commented that although he certainly enjoyed his stage work, he could not fail but be impressed by the fact that he could reach more people in one evening's television program than a whole season on Broadway.

His interest in acting goes back to when he attended Northwestern University, and was cast in many school plays. From the University he went on to Broadway where he received enthusiastic acclaim for his performance in "Mr. Roberts." Equally outstanding was his part in the Broadway stage hit "Street Car Named Desire" in which he was cast as Stan Kowalski. Some of the movies he starred in include "Four in A Jeep," "Shadow In The Sky," "Glory Alley" and "The Naked Spur." He received an award in 1958 from the South American Film Festival for his stirring performance in "Paths of Glory."

The talented actor, 38, had a most interesting observation to make in answer to our inquiry as to what advice he would give young people aspiring to an acting career. He said he would tell them "forget it, there are so many hazards." But he added "if they go ahead in spite of my saying 'forget it,' then they have a chance to succeed."

12,000 Eggs In Daly City's Easter 'Hunt'

Twelve thousand candy Easter eggs will be the hidden treasure for Daly City's tiny tots this Saturday in the 13th annual hunt sponsored by the Department of Parks and Recreation.

The massive activities begin at 10:30 a.m. April 16 at Colma and Westmoor schools, and at Frankfort, Marchbanks, Westlake, Northridge and Palisades parks. Each site will host egg hunts in two age categories—five year olds and under, and for youngsters 6 through 8. Palisades park's hunt will be restricted to the younger group.

Children are urged to attend the hunt nearest their homes. Prizes furnished by the city department's Hi-Fi Teen Club will go to finders of "special" eggs.

Director Dee Van Nest advises tots to arrive on the sites at least 15 minutes early.

The starting time—again—is 10:30 in the morning.

BIG OR SMALL BLAST?

City's 50th Anniversary Event Depends On Community Support

Just how successful Daly City's golden anniversary observance will be in March next year depends on the extent Daly City residents support the community project.

To determine interest in the birthday event, Arthur Bodien, city councilman here many years ago, has set Tuesday night, 8 o'clock, May 3, for a meeting at City Hall, 75 Wellington avenue. All local civic, social, fraternal, school, PTA and other organiaztions are asked to send delegates.

It is hoped that these groups will share in planning the event to mark Daly City's 50th birthday and to publicize Daly City.

The Chamber of Commerce is full throttle for the project and the City Council has endorsed a celebration of considerable proportions.

Bodien volunteered to head the planning and promises a good show "if we have enough citizen support and money from the city to help the project."

Ideas offered by Bodien include a week-long celebration, giant parade, beauty contest, displays and "through the years" exhibits, and TV and radio as well as newspaper promotion of the festivities.

Chamber of Commerce President Louis Pisani said "this will be a good opportunity for Daly City residents to show pride in their community."

San Francisco's Union Square garage was the world's first multi-floored underground garage; it has four surfaces accommodating 1700 cars.

CLAUS HOMERS IN JEFF WIN

SLOW-FAST PITCHERS BAFFLE MILLS NINE

Don Staff and Stan Montalbo, one slow the other quick, baffled batters as Jeff recorded a 4-2 victory at the Indians' diamond last Friday.

Staff fingered the ball for 4⅓ innings to be the winning chucker before Coach Steve Mezzera brought in Montalbo. Don surrendered five hits, walked one and struck out two. Montalbo put out the two-run fire but was not as effective as usual, being touched for one hit and two walks.

SONNY STOLLER batted in the first Jeff run and later scored himself as the Indians edged Mills, 4-2, last week. The win gave Jeff a 2-1 record.

The Indians tallied three times in the inning with the same number. Karl Keeling walked and took second on Mike Kennedy's sacrifice. He advanced to third on Staff's single and scored on Sonny Stoller's one-baser. Jack Fuertes gained life on a fielder's choice to load the bags.

Dependable Rich Mortola slashed a single to score Staff and Stoller. Mortola picked up another bingle later to end with 2 for 3. George Claus accounted for the final Indian run by bopping a 350 foot homer down the left field line.

The glove work of Claus at shortstop and Fuertes in centerfield aided the cause. Only one of the two Viking runs were earned. Jeff had 7 hits, Mills 6.

Jeff greets San Mateo Tuesday and then travels to Burlingame for Friday's tiff.

San Francisco's cable cars have been called "an invention born of necessity."

RAMS' KATONA FLASHES BALL PAST PANTHERS

Don Katona, making his first league start for the Westmoor varsity, breezed past Burlingame, 7-1, last Friday at the Panthers' diamond.

Katona didn't allow any hits until out out was recorded in the seventh. Up to that time he had a perfect game, excepting a walk to power hitter Larry Schilbe. He blazed the ball past 10 batters. Al Larkin tripled and scored on Schilbe's blast to leftfield. Schilbe was the final out as he failed to touch first base, but the run counted.

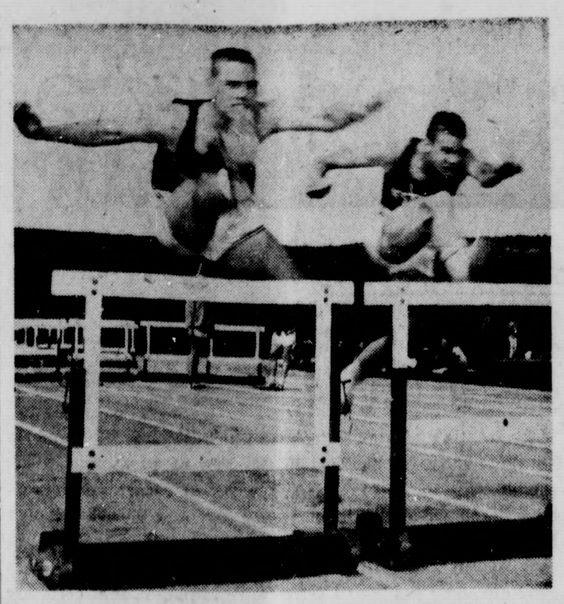
Terry Christman had 3 for 4 to lead the onslaught against losing chucker Dave Rottkamp. He drove in Billy Hix with the first run in the opening canto. The Rams scored four more in the third inning. Katona and Hix both walked, Katona tallying on Christman's scratch single. Tom McHugh and Ed Walthard also walked, the later base on balls forcing in Hix. Christman and McHugh both scored on Rottkamp's wild pitch.

The Rams started the merry-go-round again in the seventh inning. After lined singles by McHugh and Krohn, Bill Dougherty dragged a bunt for a safety. McHugh plated a run on Jim Heick's ground out and Krohn scored on one of Rottkamp's many wild pitches.

Rich Morales had the only extra base blow for Coach Rod Losberger's nine, a double. Losberger said the infield has begun to jell, committing no errorts for the second consecutive game. However, he did voice concern about the runners being stranded, nine men sitting on sacks as third outs were being made.

Christman was the losing pitcher in the Cal Frosh practice tilt last Thursday. Bob Goodwin relieved in the fifth inning of the 6-4 loss.

JACK Grealish, former St. Ignatius High School and San Francisco semi-pro star, directs Our Lady of Mercy's baseball program in Westlake. The local parish has four teams entered in the CYO League.



HIGH HURDLERS Dave Lynch and Peter Daniels show how it's done. Both are seniors and have crossed the tape at 15.7 but Coach Ernie Ribera states the duo are capable of doing better. Westmoor's tracksters travel to South San Francisco Friday, April 22, for a league dual meet.

IT'S NOT THE NUMBERS RACKET: Jay Garnett notified us last week that we made a mistake by saying he ran the mile in 3:31.7 for Westmoor's B's. It was the 1320. We regret the miscalculation but there are so many numbers in track it's hard to keep from saying "Bingo." The numbers that stand out most in our mind are something like 41-26-37 set by a City College of San Francisco student. The digits keep churning over. While a track man may lose out, this could be called a "churn miss," but to make the point, this is a Chernis.

ROD REVEALS REVELATIONS: Westmoor baseball mentor Rod Losberger dreams his lefties, Barry Krohn and Terry Christman, pitch as well as they did for the Daly City Drugs last summer. During the semi-pro games both hurled no-hitters. 'Ah! sweet mystery of a no hitter and a shut-out has found you.'

GIANTS 'LONG' ON FIRST BASEMEN: Latest acquisition by the Giants brought Dale Long into the fold. Long is a first baseman; as is left fielder Orlando Cepeda, no relation to a centipede, Willie McCovey, who does play first base, and Jim Marshall, relegated to pinch hit duty. The G'ints also bartered away two good first basemen, Gail Harris to Detroit and Bill White to St. Louis. Marshall-Long should step off the bench many times for needed cracks. Sounds like a Western serial, that there Marshall Long does, podnuh.

A JUST COMPLAINT BUT . . . Jeff's coach Steve Mezzera complained to the umpires during the first skirmish with Westmoor that the players on the Rams' bench were heckling pitcher Stan Montalbo. He noted that the managers' association ruled previously that this was definitely out. We are whole-heartedly in back of Mezzera for lodging the complaint as the rule was made, but are definitely against the rule itself. It's part of a ballplayer's job to take a verbal blast, as long as it's not personal. When a baseballer goes on to further steps in his career he'll have to take the vocal chord exercise.

POSSIBLY THE BEST: Rich Morales has shown in two games that he does everything well. In the first, against Jefferson, his fielding was excellent and he laid down a bunt toward shortstop which he beat out. The Westmoor shortstop changed tactics in the San Mateo fray. He banged the long ball, a homer, and stole three bases.

RAM B MILERS SET EL CERRITO STANDARD TEST

Westmoor Track Coach Ernie Ribera was looking about for an extra shoe after the El Cerrito Relays on April 2.

It was the length of a brogan that meant the difference between second place and first in Class B competition. The B's put enough heel and sole into their efforts but ranked second behind Encinal, 24-22.

The mile relay team of Jim Buccelli, George Herbst, Bob Borba and Pat Russo set an El Cerrito Relay record of 3:31.8. Ribera had predicted the mark a week aforehand. Bucceli, Herbst, Tom Dake and Walt Prouty rushed to second place in both the 440 and 880 relays. It was in the 880 that Westmoor lost out by one foot, the difference between No. 1 and 2.

Buccelli and Herbst both ran better than 51 seconds in the lap of the record breaking mile relay.

Twi-light Softball Loop To Begin

Second annual J. L. Snell Recreation Department Twi-Light Softball League is scheduled to begin on April 26 at the Garden Village School and will begin at 6:30 p.m.

The league is to be composed of teams representing the immediate community area, according to John Belforte and William Mendosa.

Serveral organiaztions have expressed interest in participating. To date, the following have definitely agreed to take part: The Holy Angels Men's Club, The Broadmoor Police Department, The Westmoor Boys' Club, The U.S. Post Office (Westlake Branch), and Jefferson District teachers.

Representatives of the above and other interested groups are requested to be present on Saturday, April 16 at 1 p.m. at the Benjamin Franklin School to review league organization.

Kucich's Two Teams Win Over Weekend

Roger Kucich's Daly City Merchants continued their Junior Parkmerced League winning streak by thrashing Parkmerced 8-1 last Saturday.

The winners were led by Adams and Crane who had two hits apiece. Mike Krnich allowed but one hit while going the route.

Kucich's Holy Angels, Catholic Youth Organization League team, also got off to a flying start, beating St. Thomas More, 7-3. Adams pitched a two-hitter while teammate Dirickson had two hits and scored twice at St. Mary's Park, Sunday.

Rams Win First; Move On In SSF Easter Tourney

Westmoor's horsehiders got past the first hurdle, eclipsing Serra's powerful nine at Balboa Park, 6-0, last Monday in the South San Francisco Easter Baseball Tournament.

The Rams face Balboa at 1 p.m. in Orange Park at South City this Wednesday. If Rod Losberger's crew faces this test they will play for the title Saturday at Orange Park: Losberger said either Don Katona or Terry Christman will toss against the Bucs.

NBarry Krohn pitched the Serra win, giving up but four hits. Tom McHugh banged a 365 foot homer to right center for the first, and what to proved to be the winning run, in the fourth inning. Christman knocked four runners across the plate with a bases loaded triple and line single.

VAPLON'S NINE USES SHUT-OUT TO EVEN MARK

Jeff's Frosh-Soph horsehiders evened their season mark at 1-1 by blanking Hillsdale, 4-0, last week.

Darwin Haanen pitched the white-wash, giving up four hits, walking three and striking out 8. The Braves scored two unearned runs in the third inning. Al Cacidideo accounted for the other two by homering and singling in the fourth and sixth innings. Harry Vaplon's nine had five hits in all.

Westmoor's Harry Brown shut-out the Braves, 2-0, in the league opener. Brown walked four and struck out nine. Bob Miller was charged with the defeat, allowing only four hits. Miller gave up four bases on balls while whiffing 11.

Haanen, Rich Reitz and Cacidideo had the Jeff singles. The Rams got to Miller in the third inning for both runs. Fred Mason singled, stole second and scored on an error. Rich Harter walked, stole, and tallied on Bob Simmons base blow. Steve Funai and John Cook had the other two Westmoor singles.

Jeff meets San Mateo this Tuesday while Westmoor engages South San Francisco.

Sophomore Harry Brown fanned 10 San Mateo batters last week but his Westmoor High frosh-soph mates lost a 5-3 league decision.

Five Westmoor errors were costly as the Rams' record went to 1-1. Shortstop Steve Funai and catcher Bob Simons led Westmoor at the plate with key basehits.

VARSITY WINS, 83-29

CINDERMEN KICK-UP SPARKS TO DEFEAT HILLSDALE HERE

Ernie Ribera's cindermen threw sparks in the eyes of Hillsdale's runners last Friday at Westmoor, the varsity blinding the Knights, 83-29.

Hillsdale's B's won 73-39 while Westmoor's C's dented the Knights armor, 57¾-27¼.

Outstanding event of the dual meet was the C's 660 yarder where all three top finishers were under the stadium record and separated from one another by less than a second. Hillsdale's Charley Buel was first, 1:29.1, with Westmoor's Carlos Rivas, 1:29.6, and Mark Clark, 1:30.0, a jersey length behind.

C double winners for the Rams were Bob Borba and Mike Pedrini. Borba's speed gave him a 38.9 in the 330 and 16.6 in the 150. Pedrini flashed to a 8.6 in the 75 and broadjumped 18 feet, 11 inches.

B's winners for the local squad were Pat Russo, 1:30.1 in the 660, and Walt Prouty, 18 feet, 11 inches in the broadjump.
